

## 2026-2027 Types of Scholarships

- 1) **Academic Scholarships:** Eligible students are Full-Time, Regularly Admitted, Degree Seeking College Students that have never attended another college since graduating from High School in 2023, 2024, 2025, or 2026. College classes taken prior to your first regularly admitted semester do not affect offering Deans or Presidential Scholarships but can affect future eligibility. A scholarship application is **required** and available through **My.ButlerCC** account by clicking on the "Scholarships" tile. Scholarships are awarded on a **first come, first served** basis until funds are exhausted. Scholarship application and all supporting documentation must be received prior to consideration. Students must accept their scholarship and enroll by the deadline noted in their scholarship offer letter. Students not meeting the deadline outlined in their letter will have their scholarship offer cancelled and the funds will be awarded to other students. This policy affects students that are applying for the first time for an academic scholarship during the 2026-2027 academic year. Students that have earned their associate degree are no longer eligible for academic scholarships.
